**World's First** Science and Intellectual Property driven ICO

## TOKEN ECONOMY

The tokens have not been and will not be registered under the United States Securities Act of 1933, as amended (the "Securities Act"), and may not be offered or sold in the United States or to or for the benefit of US persons (as defined in Regulation S under the Securities Act) unless they are so registered, or an exemption from the registration requirements of the Securities Act is available. One such exemption allows the resale of tokens purchased for their own account and for investment purposes only by investors who (i) are not otherwise affiliated with the Aeternum Libertarian Foundation, (ii) have been exposed for some time to the economic risks that ownership of tokens entails, and (iii) are not part of the distribution of the tokens.

## PROJECT PHASES

The core products needed to kickstart the Aeternum Ecosystem are Aeternum Fund and Aeternum Crowdfunding platform for Aeternum Fund. Therefore, for the development of these products a minimum soft cap of **500KEUR** has been set. When met we will have enough funds to realize the main goal – the creation of a crowdfunding platform for every individual to be able to invest in deep science startups. Presale Hard Cap for Digital Ecosystem is set only **3 mEUR**.

## AETERNUM TOKEN PRICE

Aeternum token price (ALF) is set to 0.01 EUR for presale. The price for round 1 and the hard cap will be determined by the market demand for the Aeternum Token during the presale using the following formula:

$$P_{R1} = P_{Presale} * \frac{\textit{Total Demand presale}}{\textit{Hard Cap Presale}}$$

However, in the following rounds the token price will never be set lower than 0.015 EUR per ALF.

## TOKEN ECONOMY

This section describes how the Aeternum token will provide value for its buyers.

### Presale bonus

Since we anticipate that Aeternum Tokens will increase in value for Round 1 those that purchase Aeternum token during the presale will be able to acquire ALF at a lower price. Also Aeternum holders will have priority access to Round 1 and Round 2 sale.

### Dividends

Aeternum Fund will pay 30% of all profit (generated by the fund and the Aeternum Ecosystem) as dividends to Aeternum Token Holders. Since we plan to reinvest the rest of profit then the value of your token is projected to grow in time.

### Utility

#### TRADABLE AND LIQUID

Aeternum tokens shall also be put on an exchange therefore future demand for the token will drive the value upwards.

#### PRIORITY ACCESS

Having an Aeternum Token will guarantee you priority information about the projects we support.
